Dear Community Member,

Each year the class of Leadership Seneca County chooses a class project for the betterment of Seneca County. The Class of 2025 is proud to partner with the Seneca County Department of Job and Family Services on a project that will make a meaningful and lasting impact on the foster families in our community.

Our mission is to create a secure and accessible storage space for supplies that foster families rely on. Called The Foster Closet of Seneca County, it will offer a well-stocked inventory of essential items, designed to aid foster parents who may have an immediate need for a child in their home from our community.

Whether it's spreading the word, offering expertise, or contributing financially, every bit of support brings us closer to our goal. Together, we can make this vision a reality and create a lasting impact for foster families in Seneca County.

Our goal is to raise \$20,000 to bring this project to life. Any contribution helps us get closer to the reality of helping these children and families. We will recognize those whose financial and in-kind contributions help us reach this amazing goal.

Thanks to the incredible generosity of you and our community, together, we are making a difference, one family at a time.

The Foster Closet of Seneca County

Imagine being a foster parent who receives an emergency call for an infant in need of care. You may have space in your home, but not the necessary bedding, diapers, clothing, or supplies to care for an infant. The Leadership Seneca County Class of 2025 is proud to partner with the Seneca County Department of Job and Family Services on a project that will make a meaningful impact on foster families in our community. The Foster Closet of Seneca County.

This scenario happens often, even here in Seneca County. Our goal is to ensure that foster parents of children of all ages have access to the resources they need when they need them most.

Together, we can make a difference by providing foster families with the support and resources they need to create safe, loving homes for children in times of crisis.

One Leader, One Project, One Community.
